[FR] Une vision multifacette, exclusive, contemporaine et solidement ancrée dans la capacité technique au service d'une vision créatrice de tendances : telle est l'attitude des designers convoqués par Flam & Luce - Luminaires® pour sa nouvelle collection. L'équipe de designers responsable de la nouvelle collection exclusive de Flam & Luce allie une forte capacité technique et de design de produit et une approche globale de l'Architecture des Environnements, confirmée par la fréquence des principales foires européennes du secteur et des carrières internationales solides et reconnues. Les visions uniques et exigeantes de nos designers nous apportent des interprétations créatives, où la vivacité et l'innovation deviennent une plus-value des produits Flam & Luce. Mélange d'influences, de nouvelles matières et couleurs, les créations reflètent l'étendue d'un monde élégant, poétique, contemporain ou minimaliste, artisanal ou urbain où différentes disciplines se croisent dans la recherche incessante du nouveau et de l'intemporel.
